many nations invite foreigners to work within their borders but few welcome them those countries that do receive a torrent of immigrants create pressures that analysts expect to intensify as population growth and social unrest mount in the less developed countries of the world immigration and entrepreneurship now in paperback offers a comparative analysis of worldwide immigration issues while focusing more specifically on the emerging influence of entrepreneurship as a potent factor in the economic and social integration of immigrants in linking the common immigrant and settler experiences with the upsurge in self employment the contributors to this volume use california as their base of comparison the state has both a huge and varied immigrant population and an entrepreneurial economy that has facilitated the formation of immigrant owned firms the los angeles riots of the nineties indicated the volatility of the mix aided by ethnic and familial networks such firms have served as a route of economic advancement immigration and

entrepreneurship offers a comparative perspective unique in the literature of immigration by broaching the topic from both global and local perspectives whereas most studies examine the experience of a single group or groups in a particular destination economy this volume emphasizes variations in the way different nations receive immigrants as causes of differences in immigrant behavior among the innovative themes discussed by a range of international scholars are the entrepreneurial efforts and tensions in the garment industry in los angeles paris and berlin koreans enterprise and identities in los angeles and japan and u s immigration policies the result is a genuinely global methodology

2008-10

immigration is remaking the united states in new york los angeles miami san francisco and chicago the multiethnic society of tomorrow is already in place yet today s urban centers appear unlikely to provide newcomers with the same opportunities their predecessors found at the turn of the last century using the latest sources of information this hard hitting volume of original essays looks at the nexus between urban realities and immigrant destinies in these american cities strangers at the gates tells the real story of immigrants prospects for success today and delineates the conditions that will hinder or aid the newest americans in their quest to get ahead this book stresses the crucial importance of understanding that immigration today is fundamentally urban and the equally important fact that immigrants are now flocking to places where low skilled workers regardless of ethnic background are in particular trouble these two themes are at the heart of this book which also covers a range of provocative topics often with surprising findings among the essayists nelson lim enters the controversy over whether and how immigrants affect the employment prospects for african americans mark ellis investigates whether low immigrant wages depress other workers salaries william a v clark contends that immigrants seem to be experiencing downward mobility and min zhou asserts that trends among second generation immigrants are decidedly more optimistic these well integrated and well organized essays sit squarely at the intersection of sociology and

economics and along the way they point out both the strengths and the weaknesses of these two disciplines in understanding immigration providing a theoretically and empirically comprehensive overview of the economic fate of immigrants in major american cities this book will make a major contribution to debates over immigration and the american future

Claudia's Friend (The Baby-Sitters Club #63)

2014-07-29

in third worlds within daniel widener expands conceptions of the struggle for racial justice by reframing antiracist movements in the united states in a broader internationalist context for widener antiracist struggles at home are connected to and profoundly shaped by similar struggles abroad drawing from an expansive historical archive and his own activist and family history widener explores the links between local and global struggles throughout the twentieth and twenty first centuries he uncovers what connects seemingly disparate groups like japanese american and black communities in southern california or american folk musicians and revolutionary movements in asia he also centers the expansive vision of global indigenous movements the challenges of black brown solidarity and the influence of east asian organizing on the us third world left in the process widener reveals how the fight against racism unfolds both locally and globally and creates new forms of solidarity highlighting the key strategic role played by us communities of color in efforts to defeat the conjoined forces of capitalism racism and imperialism widener produces a new understanding of history that informs contemporary social struggle

Popkins

1984

a unique perspective on half a century of american cinema from the audience s point of view tom stempel goes beyond the comments of professional reviewers concentrating on the opinions of ordinary people he traces shifting trends in genre and taste examining and questioning the power films have in american society stempel blends audience response with his own observations and analyzes box office results that identify the movies people actually went to see not just those praised by the critics avoiding statistical summary he presents the results of a survey on movies and moviegoing in the respondents own words words that surprise amuse and irritate the moviegoers respond big bad plane big bad motorcycle and big bad kelly mcgillis on top gun all i can recall were the slave girls and the golden calf sequence and how it got me excited my parents must have been very pleased with my enthusiasm for the bible on why a seven year old

boy stayed up to watch the ten commandments i learned the fine art of seduction by watching faye dunaway smolder a woman s reaction to seeing bonnie and clyde at age fifteen jesus said he would be back he just didn t say what he would look like on e t quasimodo is every seventh grader on why the hunchback of notre dame should play well with middle schoolers a moronic very hollywoody script and a bunch of dancing teddy bears on return of the jedi i couldn t help but think how mad magazine would lampoon this on the exorcist

Dear California

1943

hollywood vault is the story of how the business of film libraries emerged and evolved spanning the silent era to the sale of feature libraries to television eric hoyt argues that film libraries became valuable not because of the introduction of new technologies but because of the emergence and growth of new markets and suggests that studying the history of film libraries leads to insights about their role in the

contemporary digital marketplace the history begins in the mid 1910s when the star system and other developments enabled a market for old films that featured current stars after the transition to films with sound the reissue market declined but the studios used their libraries for the production of remakes and other derivatives the turning point in the history of studio libraries occurred during the mid to late 1940s when changes in american culture and an industry wide recession convinced the studios to employ their libraries as profit centers through the use of theatrical reissues in the 1950s intermediary distributors used the growing market of television to harness libraries aggressively as foundations for cross media expansion a trend that continues today by the late 1960s the television marketplace and the exploitation of film libraries became so lucrative that they prompted conglomerates to acquire the studios the first book to discuss film libraries as an important and often underestimated part of hollywood history hollywood vault presents a fascinating trajectory that incorporates cultural legal and industrial history
