SparkNotes

2002

essay from the year 2014 in the subject english language and literature studies literature grade 70 0 1st class university of sheffield course english literature language english abstract frankenstein s creature attempts to integrate himself into society numerous times before he accepts that his physical defects and ugly aesthetic appearance arouse fear in

humanity this separation from humanity forces him to discover alternative modes of integration he longs to be part of civilisation yet he has been conditioned to recognise his dissemblance through victimisation therefore he dares not present himself to the cottagers vowing to discover the motives behind individual relationships in this essay i will argue that the monster instinctively discovers the importance of language as well as the ability to manipulate language as a means of gaining companionship

seminar paper from the year 2010 in the subject english language and literature studies literature grade 13 university of paderborn language english abstract families in the 19th century mostly lived in a patriarchal society growing up during this time mary shelley used this society ruled or controlled by men as the basis for the population of her novel frankenstein on the first sight the characters appear to fulfill their gender roles perfectly women occupy the domestic sphere men work outside home in addition women are only of marginal importance whereas men appear as the strong protagonists who are able to influence the storyline even if this first overview is correct mary shelley does not maintain this severe separation of sexes and their characteristics but proves that both women and men own some features of the other sex therefore one could state that the women in frankenstein have an important role as well as at second sight they share a lot of similarities with men and vice versa which contributes to analyze the topic of androgyny in my term paper i will therefore concentrate on this androgyny of men and women in frankenstein being androgynous which can be defined as the state of having both male and female characteristics is an essential element of the novel analyzing the male characters one discovers that the male characteristics are important but that it is especially the femaleness which leads to the course of the novel and not typically male behavior with regard to women the androgyny shows the beginning of emancipation and hence women as contemporary heroines able to escape from a male dominated society furthermore it is important to analyze the monster that shows androgynous traits so that it cannot be classified as either male or female these features show that the monster possesses general human qualities as it shares a lot of similarities with the characters of the novel

Character Analysis: Androgyny in Mary Shelleys "Frankenstein"

Bringing Up the Monster. The Absence of the Mother in "Frankenstein" by Mary Shelley

2012-08-06

mary shelley s 1818 novel frankenstein is its own type of monster mythos that will not die a corpus whose parts keep getting harvested to animate new artistic creations what makes this tale so adaptable and so resilient that nearly 200 years later it remains vitally relevant in a culture radically different from the one that spawned its birth monstrous progeny takes readers on a fascinating exploration of the frankenstein family tree tracing the literary and intellectual roots of shelley s novel from the sixteenth century and analyzing the evolution of the book s figures and themes into modern productions that range from children s cartoons to pornography along the way media scholar lester d friedman and historian allison b kavey examine the adaptation and evolution of victor frankenstein and his monster across different genres and in different eras in doing so they demonstrate how shelley s tale and its

characters continue to provide crucial reference points for current debates about bioethics artificial intelligence cyborg lifeforms and the limits of scientific progress blending an extensive historical overview with a detailed analysis of key texts the authors reveal how the frankenstein legacy arose from a series of fluid intellectual contexts and continues to pulsate through an extraordinary body of media products both thought provoking and entertaining monstrous progeny offers a lively look at an undying and significant cultural phenomenon

Mary Shelley

2016-08-01

seminar paper from the year 2013 in the subject english language and literature studies literature grade 17 catholic university eichstätt ingolstadt language english abstract the gothic novel frankenstein or the modern prometheus is the result of mary shelley s travels to geneva switzerland with her future husband percy bysshe shelley dr john polidori and lord byron themselves famous authors and an entertaining contest between those friends about who could write the best horror story conceived of a nightmare after reading german ghost stories by the fire and conversing about darwinism occult ideas galvanism and science the only nineteen year old mary shelley put this piece of art down on paper and published it anonymously in 1818 frankenstein is a novel with a complex narrative structure in the core of the novel the creature s story is presented to us framed by victor frankenstein s story which itself is enframed by robert walton s epistolary narrative the overall structure of the novel is symmetrical it begins with the letters of walton shifts to victor s tale then to the creature s narration so as to switch to victor again and end with the records of walton in this manner the reader gets different versions of the same story from different perspectives mary shelley s rather atypical approach not to stick to only one narrator and one defined

narrative situation throughout the book creates various impressions on the reader of the novel the narrative situation of a text describes the structure of how the content plot characters and events are being mediated to the reader and is often referred to as the point of view the narrative situation is one of the main categories in literary analysis one of the most important academics who concerned himself with the systematisation of narrative structures since the 1950s is the austrian literary theorist dr franz karl stanzel 1923 there is strong competition by the typology of gérard genette since the 1990s however stanzel s theory is being taught to date which is why it is used in the following analysis of the narrative structure in frankenstein and its effect on the reader

Monstrous Progeny

2014-07-04

Mary Shelley, Women & Frankenstein

1982-05-19

seminar paper from the year 2022 in the subject English language and literature studies literature grade 20 university of Freiburg English department language English abstract emotional loneliness and social isolation are concepts which are generally perceived as something negative however there are certain situations in life where one seeks to be alone and where isolation can even help with the process of self discovery therefore these concepts

are also recurring themes in arts and literature this paper will analyze how the isolation theme is depicted in disability literature it will first give a brief overview of the research within this area and shortly examine the relationship between loneliness and disability it will then move on to analyze how the two main characters victor frankenstein and the creature from mary shelley s frankenstein as well as christopher the protagonist of mark haddon s the curious incident of the dog in the night time experience isolation special focus will be put on the similarities and differences between the individual character s experience and on the question whether or not those experiences correlate with the results of real life studies

Frankenstein; or, The Modern Prometheus

2012-07-31

seminar paper from the year 2009 in the subject didactics english literature works grade 1 3
rwth aachen university language english abstract the gothic novel frankenstein by mary wollstonecraft shelley 1797 1851 is the most famous of her literary works for it has been reissued redefined and criticised regularly since its first publication in 1818 johanna smith mirrors with her statement what many critics say about frankenstein they define frankenstein not only as a gothic novel but as a feminist novel as well some of the feminist literary critics say that feminist interest in frankenstein would throw light on the novel s darkest passages fischer et al 1993 3 others claim it is an invocation on women s rights in general however all of them agree on the fact that the novel underlines the repression of women in private and public and that it criticizes the patriarchal role and dominating position of men in this term paper i am aiming at pointing out the arguments of feminist literary critics that define frankenstein as a feminist novel in order to support the thesis of frankenstein being a feminist novel i first want to give a definition of feminist literary criticism and its branches after having defined mary shelley as a feminist or not and having summarized what the

movement was about i want to go into detail analyzing shelley s frankenstein in feminist terms in my analysis i will firstly put emphasis on anne k mellor s approach to frankenstein she not only gave with mary shelley her life her fiction her monsters 1988 the only full length critical treatment of shelley s works in the 1980s fisch et al 1993 8 but she also summarizes a lot of the arguments many feminist critics have mentioned in terms of interpreting frankenstein mellor therefore provides a good basis for further examination finally in order to support and enlarge mellor s theory i want to introduce approaches by other critics treating the issue of feminism in shelley s work these critics not only detail object and analyze mellor s statements but they also add their own ideas thereby it shall become clear if we can really label frankenstein a feminist gothic novel

A Comparative Analysis of the Depiction of the Isolation Theme in Mary Shelley's "Frankenstein" and Mark Haddon's "The Curious Incident of the Dog in the Nighttime"

2012-07-20

mary shelley s frankenstein or the modern prometheus grew out of a parlor game and a nightmare vision the story of the book s origin is a famous one first told in the introduction mary shelley wrote for the 1831 edition of the novel the two shelleys byron mary s stepsister claire clairmont and john william polidori byron s physician spent a wet ungenial summer in the swiss alps byron suggested that each write a ghost story if one is to trust mary shelley s account and james rieger has shown the untrustworthiness of its chronology and particulars only she and poor polidori took the contest seriously the two illustrious poets according to her annoyed by the platitude of prose speedily relinquished their uncongenial task polidori too is made to seem careless unable to handle his story of a skull headed lady though mary

shelley is just as deprecating when she speaks of her own tiresome unlucky ghost story she also suggests that its sources went deeper her truant muse became active as soon as she fastened on the idea of making only a transcript of the grim terrors of my waking dream i have found it what terrified me will terrify others the twelve essays in this collection attest to the endurance of mary shelley s waking dream appropriately though less romantically this book also grew out of a playful conversation at a party when several of the contributors to this book discovered that they were all closet aficionados of mary shelley s novel they decided that a book might be written in which each contributor contestant might try to account for the persistent hold that frankenstein continues to exercise on the popular imagination within a few months two films warhol s frankenstein and mel brooks s young frankenstein and the hall landau and isherwood bachardy television versions of the novel appeared to remind us of our blunted purpose these manifestations were an auspicious sign and resulted in the book endurance of frankenstein

Feminist Aspects in Frankenstein

1999

seminar paper from the year 2011 in the subject english language and literature studies literature rwth aachen university language english abstract many authors would agree that frankenstein is one of the most famous gothic tales of all time it was first published in 1818 and is famous for its descriptions of landscape and nature as well as its prophetic dimension more than 60 years before the novel was published edmund burke set out to analyze the sublime by doing so he actually took an important step towards founding the genre shelley engaged in in writing frankenstein his a philosophical inquiry into the origins of our ideas of the beautiful and the sublime published in 1757 became a great success this term paper sets out to shed light on a number of problem areas concerning the connection between shelley s novel and

burke s theory of the sublime the paper arose out of the proseminar gothic literatur by xy m a in the summer semester 2011 at rwth university aachen during the course different topics concerning the gothic novel were discussed in combination with four of the most famous novels belonging to the genre among them was frankenstein as a novel and burke s theory of the sublime and its reflection in the gothic fiction as a topic the central question to be examined in this paper is how burke s theory of the sublime is reflected in shelley s gothic novel further questions to be dealt with in this term paper are what is the burkean sublime what was new and different about burke s concept of the sublime as the sublime itself is by no means a groundbreaking new concept does shelley intentionally incorporate sublime features in her novel or comment on the use of burke s theory is there a social dimension to burke s theory in what way does the novel reflect the sublime is a sense of the sublime only conveyed through descriptions of nature the first part of the term paper presents burke s theory of the sublime an analysis of the connection between shelley and the sublime and an analysis of the social dimension of the sublime the next part is going to shed light on how frankenstein as a gothic novel reflects elements of burke s theory of the sublime a fuller discussion including an analysis of all scenes displaying sublime elements would go beyond the range of the paper in this matter only five scenes were chosen those scenes are significant for the plot development as well as they help to support the line of argumentation eventually a conclusion will be drawn

The Endurance of Frankenstein

2018-12-30

when studying mary shelley s frankenstein at a level as a2 level you ll need a thorough understanding of the themes characters and gothic mode of writing you ll find used in the novel the york notes frankenstein study guide gives the most comprehensive summary of each

volume of the 1831 edition of the novel you're studying at an A2 level the revision guide also deconstructs each character including Victor Frankenstein the monster and Robert Walton the York notes Frankenstein revision guide goes further than other English literature study guides to help you achieve the best possible grades you'll not only revise the novel itself but the contexts and critical debates surrounding Shelley's work understanding Frankenstein in the context of social unrest and the scientific developments of the time and being able to discuss different critical angles from the original reception of the novel to its feminist readings will help you achieve top A level grades using your study guide's grade booster is the best way to target a high grade in your English literature exams this section of the Frankenstein study guide shows you the typical features which examiners are looking for in answers to Frankenstein questions at an A2 level it will show you how to compare Frankenstein with other texts and write high quality responses which clearly demonstrate your understanding of the novel beyond the plot characters and key quotations

Edmund Burke's Theory of the Sublime and Its Reflection in Gothic Fiction: Mary Shelley's "Frankenstein"

2017-10-09

the California edition of the Pennyroyal Press Frankenstein unites the dark side of Barry Moser's art with the classic 1818 text of Mary Shelley's tale of moral transfiguration in a vivid sequence of woodcuts the reader witnesses the birth of the monster as Moser shapes him from darkness and gives him a form simultaneously ghastly in its malice and transfixing in its suffering

Frankenstein

2009

this version includes a free book study guide with complete plot summary chapter analysis character analysis author bio and much more there is no greater novel in the monster genre than frankenstein and no more well known monster than the one that is at the center of this novel however the monster of frankenstein is more than the common lumbering moronic giant that is most often represented frankenstein s monster is in reality a thinking intelligent being who is tormented by world in which he does not belong in this depiction shelley draws upon the universal human themes of creation the nature of existence and the need for acceptance for it is without this acceptance that the true monster the violent nature of humanity emerges

Frankenstein, Or, The Modern Prometheus : with Connections

2007-01-08

from her youth mary shelley immersed herself in the social contract tradition particularly the educational and political theories of john locke and jean jacques rousseau as well as the radical philosophies of her parents the feminist mary wollstonecraft and the anarchist william godwin against this background shelley wrote frankenstein or the modern prometheus first published in 1818 in the two centuries since her masterpiece has been celebrated as a gothic classic and its symbolic resonance has driven the global success of its publication translation and adaptation in theater film art and literature however in mary shelley and the rights of the child eileen hunt botting argues that frankenstein is more than an original and paradigmatic work of science fiction it is a profound reflection on a radical moral and political question do children have rights botting contends that frankenstein invites its

readers to reason through the ethical consequences of a counterfactual premise what if a man had used science to create a human life without a woman immediately after the creature's birth his scientist father abandons him and the unjust and tragic consequences that follow form the basis of frankenstein's plot botting finds in the novel's narrative structure a series of interconnected thought experiments that reveal how shelley viewed frankenstein's creature for what he really was a stateless orphan abandoned by family abused by society and ignored by law the novel therefore compels readers to consider whether children have the right to the fundamental means for their development as humans namely rights to food clothing shelter care love education and community in botting's analysis frankenstein emerges as a conceptual resource for exploring the rights of children today especially those who are disabled stateless or genetically modified by medical technologies such as three parent in vitro fertilization and perhaps in the near future gene editing mary shelley and the rights of the child concludes that the right to share love and community especially with parents or fitting substitutes belongs to all children regardless of their genesis membership or social status
