financial accounting is undergoing a period of unprecedented change the fasb and iasb have been working together to issue converged accounting standards that will dramatically change key reporting areas and more generally have sought to converge accounting standards over time in late 2011 the sec will announce its decision on whether large public companies in the u s will be able to choose whether to report under u s gaap or ifrs or if all companies are anticipated to be reporting under ifrs in the near future so while there currently is considerable overlap between u s gaap and ifrs and that overlap is increasing as convergence continues important differences remain to help instructors deal with the challenging environment the spiceland team is committed to providing current comprehensive and clear coverage of intermediate accounting the 7th edition reflects this commitment with the following innovations we ve incorporated an enormous amount of feedback from over 700 reviewers focus group and symposium participants the list of changes and improvements on the next few pages is testament to the many hours that reviewers spent thinking about and analyzing our earlier editions helping us to make financial accounting the best book of its kind text was reduced in many places to simplify and clarify discussion feature stories real world examples and ratio analyses in each chapter were updated to the most recent year financial statement effects were highlighted in the margin of all journal entries chapter framework illustrations at the end of each chapter were modified to include analysis in most chapters five self study multiple choice questions were added to the chapter framework illustration in each chapter five additional questions are available online
