the book starts out picturing a young man who foolishly wants to go to war where he in visions himself receiving all these high class medals for heroism but never once taking into account what it

is going to take physically and mentally to get those medals hes constantly playing a head game within himself and those that surround him he like so many other young men of past eras are trying to be something that theyre not and that small initial lie grows into a tremendous reputation that he has to live with and soon regrets that hes known by such come walk with the author and his brothers of the sword through the dark humid unforgiving jungles of vietnam and experience the death destruction and mental sacrificial anguish they had to endure come see why you fear being alone in the denseness of a jungle or a forest that you have never entered before feel the heat of the asian jungle floor intermixed with the leaches ants mosquitoes snakes and humans searching you out only to destroy you at any cost you see our author starts out innocently enough but soon finds out that war is not only a physical hardship demanding its pounds of flesh but also is a horrendous mental agonizing hazard from which there is only one means of escape and or retreat that means to an end is death yes the author and his brothers of the sword will take their heroic missions and sacrificial allegiances to the grave with them but the real tragedy of it all is no one really cares about them in the first place for they were and still are the secret soldiers of the second army willing to go anywhere any time to do the impossible for the ungrateful

barkawi re imagines the study of war with imperial and multinational armies that fought in asia in the second world war

The Soldiers of `44

1986-02-01

a romance of america s nascent imperial power richard harding davis s soldiers of fortune recounts the adventures of robert clay a mining engineer and sometime mercenary and hope langham the daughter of a wealthy american industrialist as they become caught up in a coup in olancho a fictional latin american republic when the coup organized by corrupt politicians and generals threatens the american owned valencia mining company clay organizes his workers and the handful of americans visiting the mine into a counter coup force written on the eve of the spanish american

war soldiers of fortune casts the young american as the dashing hypermasculine hero of the new military and economic imperium a huge best seller the novel did its part to push the nation into war against spain and stands as one of the most important texts in the literature of american imperialism the appendices which bring together primary materials by writers and politicians such as rebecca harding davis theodore roosevelt jose martí mark twain herbert spencer and others address such issues as social darwinism masculinity and ideas of anglo american superiority

the scope and scale of operation barbarossa the german invasion of the soviet union make it one of the pivotal events of the second world war yet our understanding of both the military campaign as well as the war of annihilation conducted throughout the occupied territories depends overwhelmingly on top down studies the three million german soldiers who crossed the soviet border and experienced this war are seldom the focus and are often entirely ignored who were these men and how did they see these events luther and stahel two of the leading experts on operation barbarossa have reconstructed the 1941 campaign entirely through the letters as well as a few diaries of more than 200 german soldiers across all areas of the eastern front it is an original perspective on the campaign one of constant combat desperate fear bitter loss and endless exertions one learns the importance of comradeship and military training but also reads the frightening racial and ideological justifications for the war and its violence which at times lead to unrelenting cruelty

and even mass murder soldiers of barbarossa is a unique and sobering account of 1941 which includes hundreds of endnotes by luther and stahel providing critical context corrections and commentary

there is one location more than any other that is inextricably linked to irish military history its memory indelibly etched in the minds of the thousands of personnel who have trained and worked there the curragh camp county kildare this book is the first complete history of the curragh camp from its foundation in 1855 to the present day under both british and irish occupation this unique military base has been key in shaping irish history while being shaped in turn by the great national and international conflicts of the 19th and 20th centuries the crimean war the boer war the great war the easter rising and irish war of independence which are all accounted for under the banner of the british army in part one at noon on may 16th 1922 the first irish tricolour was hoisted overhead the curragh camp in a ceremony that would have been unthinkable to the camp s residents of the previous seventy years yet the transition signalled no change to its level of service the curragh s forces were quickly embroiled in the irish civil war later oversaw the years of the modern troubles and forged an international role with irish defence forces peacekeeping duties abroad each conflict and intervention is fully represented in the title s second section the irish this is the most authoritative history of a vital institution that has shaped irish affairs during periods of domestic

turmoil as well as defining its military role on the international stage publisher

Soldiers of Barbarossa

this highly illustrated title traces the development of mercenary soldiering from individuals and small units in the african wars of the 1960s 90s to today s state employed corporate military contractors the phenomenon of mercenary soldiering has constantly recurred in the news since the 1960s and has always attracted lively interest the concept of mercenaries began in the former belgian congo during the 1960s when men such as mike hoare and bob denard assembled hundreds of military veterans to do the fighting for a particular leader or faction this idea soon evolved into small teams of individuals training and leading local forces with varying success wars in rhodesia and on south africa s borders attracted foreign volunteers into national armed forces and veterans of these conflicts later sought employment elsewhere as mercenaries the wars in the former yugoslavia also attracted foreign fighters inspired as much by political and religious motives as by pay this picture then evolved again as former officers with recent experience set up sophisticated commercial companies to identify and fill the needs of governments whose own militaries were inadequate most recently the aftermath of wars in iraq and afghanistan has seen such contractors taking on some of the burden of long term security off major national armies while the subsequent rise of isis daesh has added a parallel strain of ideological volunteers the author is well placed to describe how the face of mercenary soldiering has evolved and changed over 60 years using first

hand accounts photos and detailed illustrations this book presents a compelling snapshot of the life campaigns and kit used by mercenary operatives engaged in fighting within both larger and more specific conflicts around the world

Soldiers of Christ

2010-11-01

this book concentrates on the dramatic experiences of napoleon s army of the orient in egypt and the holy land the fighting of the mamelukes and turks are covered in depth detailing desert combat siege warfare cavalry skirmishes and the suppression of uprisings it examines the french treatment of prisoners as well as the fate of captured frenchmen and describes caring for the wounded outbreaks of bubonic plague and the terrible retreat from acre in 1799 in accounts by the men who were there the experiences of infantry cavalry and sea soldiers of napoleon s army of the orient are brought vividly back to life

Soldiers of the Short Grass

2016

during the long reign of queen victoria the men of britain attired in red coats or dusty khaki fought more than sixty military campaigns around the world hardly a year passed without the british army

being engaged in some far flung corner of the globe building and defending the empire in this book donald featherstone provides a vivid and accurate taste of victorian soldiering in africa and india from the mountains of the north west frontier to the sands of egypt rather than detail each facet of battle strategy he seeks to impart to the reader the true flavour of the nineteenth century battlefield the type of men who fought how they were trained and armed and the foes they encountered the author of many books and articles on a wide variety of military history topics donald featherstone brings to the subject a special vitality and empathy with the fighting man evoking those colourful days of nineteenth century imperial adventure derring do comradeship and fighting spirit

where the seasons last for generations winter is a hard time suited to hard religion the theocratic starbridge caste consider themselves virtuous wardens in a sinners purgatory reading infant cries and birthmarks to judge the unpunished crimes of previous incarnations on the battlefield all but nobility are denied medicine and anaesthetic only the antinomials have endured winter outside this oppressive social system people without language eaters of meat they are being driven from their lands in the north to seek sanctuary against the very belly of their tormentors in the slums of the great capital city of charn here a starbridge doctor and a drunken prince begin a dangerous experiment in compassion that will soon demand heavy sacrifices just as the people brace for spring with its flammable and suffocating sugar rain

Khaki & Red

1995

gunter horst beetz was born in berlin in 1926 growing up as part of a typical family his father was a banker his mother a housewife he joined the hitler youth somewhat against his wishes and after a

short period manning anti aircraft guns in berlin he ultimately found himself in normandy fighting the allies where he was captured in july 1944 a soldier of the reich an autobiography documents one man s life in nazi germany it examines what it was like to grow up alongside the rise of fascism exploring the consequences it had on beetz s life including what this meant for his relationship with his jewish girlfriend ruth beetz also relates his time as an unenthusiastic soldier fighting in normandy commenting on the ethics of war his first sexual encounter with a french prostitute and life in the sapper battalion with his and his comrades bungling attempts at front line soldiery he was captured in july 1944 and then describes in illuminating detail the life of an ordinary prisoner of war in america after two years in pennsylvania he was transferred first for a short period in belgium and then to a pow camp in ely england where remained until 1948 including previously unpublished images from the author s personal collection this first hand account explores a perspective rarely acknowledged in discussions of the second world war that of an ordinary wehrmacht soldier detailing the beliefs and motivations that shaped him as a person

A Soldier of the Company

1988

soldiers of the skies opens on august 2 1990 the day that iraq invaded kuwait and follows matt brown an air force pilot in the famed rocketeers of the 336th fighter squadron the story follows matt and his fellow soldiers for 10 years through the gulf war middle eastern war and libyan war

The Soldiers of Venezuela: a Tale

1818

the peninsular war was one of the most successful campaigns ever fought by the british army between 1808 when british troops landed in portugal and 1814 when wellington s army advanced into the south of france british soldiers were involved in countless battles and sieges against napoleon s vaunted french veterans drawing on rare letters diaries and memoirs ian fletcher presents a superb insight into the daily lives of british soldiers in this momentous period and evokes such key battles and sieges as vimiero talavera badajoz salamanca vittoria and san sebastian ian fletcher s skillful compilation of accounts placed in context by important background detail make this the story of the peninsular war in the words of the men who marched fought and triumphed with wellington although there have been many accounts of soldiering in wellington s army voices from the peninsula throws new light on the experience of napoleonic warfare and brings to life what wellington called the finest military machine in existence

a special edition of an outstanding academic study firth's cromwell's army has long been recognised as an essential classic it describes in detail the structure formations equipment and practices of the parliamentary army as it fought in the english civil war ireland and elsewhere and also examines the english army prior to the civil war and describes the creation of the new model army what makes this edition of firth special is that the author makes reference to the illustrations by francis grose of clothing equipment and drill of cromwell's army that he was familiar with but which did not appear in the original editions of this book for the first time this leonaur edition includes grose's illustrations in the text for easy reference by modern readers the cornerstone of the parliamentary soldier's cause was a matter of faith and leonaur has therefore also included in this edition two essential facsimiles the soldier's pocket bible and the soldier's catechism which were specially

created for the men of the parliamentary army these elements combine with first s text to make this new edition a unique comprehensive and academic volume that will be an invaluable addition to the libraries of students of the period leonard editions are newly typeset and are not facsimiles each title is available in softcover and hardback with dustjacket our hardbacks are cloth bound and feature gold foil lettering on their spines and fabric head and tail bands

2022-08-01

this book is a collection of narratives from soldiers of different divisions and battalions of the british forces who fought in the great war giving a very broad view of the daily life of soldiers during the war chapter 18 was written by wilfred grenfell who left his medical missionary work in labrador for three months to join the harvard surgical unit as a surgeon at the front in france in this chapter grenfell provides details of his work in both france and labrador

Soldiers of Honor

2018-01-25

drawing on untapped new sources the first global history of the indian expeditionary forces in world war i while their story is almost always overlooked the 1 5 million indian soldiers who served the british empire in world war i played a crucial role in the eventual allied victory despite their sacrifices indian troops received mixed reactions from their allies and their enemies alike some were treated as liberating heroes some as mercenaries and conquerors themselves and all as racial inferiors and a threat to white supremacy yet even as they fought as imperial troops under the british flag their broadened horizons fired in them new hopes of racial equality and freedom on the path to indian independence drawing on freshly uncovered interviews with members of the indian army in iraq and elsewhere historian george morton jack paints a deeply human story of courage colonization and racism and finally gives these men their rightful place in history

Black Soldiers of New York State

road to victory jewish soldiers of the 16th lithuanian division is one of the few books written about eastern european jews who volunteered to fight as soldiers during world war ii the book contains first person accounts about the participation of lithuanian jews who fought in the 16th lithuanian

division of the red army through their accounts they represent the large corps of 4 500 jewish fighters men and women alike who took arms in the battlefields of world war ii in order to destroy the enemy as well as to liberate the remnants of lithuanian jewry the survivors of the shoah a good number of stories are written by or about women who fought in the war professor dov levin himself a partisan and possibly the world authority on the jews of lithuania wrote the first article in the book in addition to the personal accounts there is a yizkor memorial section listing 1 215 soldiers who died giving their name father s given name year of birth rank date and place of death all told some 2 500 people are mentioned in the book there is an index of persons yizkor section excluded publisher description

Soldiers of the Sea

2017-06-13

it was 1862 the second year of the civil war though kansans and missourians had been fighting over slavery for almost a decade for the 250 union soldiers facing down rebel irregulars on enoch toothman s farm near butler missouri this was no battle over abstract principles these were men of the first kansas colored infantry and they were fighting for their own freedom and that of their families they belonged to the first black regiment raised in a northern state and the first black unit to see combat during the civil war soldiers in the army of freedom is the first published account of this largely forgotten regiment and in particular its contribution to union victory in the trans mississippi theater of the civil war as such it restores the first kansas colored infantry to its rightful

place in american history composed primarily of former slaves the first kansas colored saw major combat in missouri indian territory and arkansas ian michael spurgeon draws upon a wealth of little known sources including soldiers pension applications to chart the intersection of race and military service and to reveal the regiment s role in countering white prejudices by defying stereotypes despite naysayers bigoted predictions and a merciless slaughter at the battle of poison spring these black soldiers proved themselves as capable as their white counterparts and so helped shape the evolving attitudes of leading politicians such as kansas senator james henry lane and president abraham lincoln a long overdue reconstruction of the regiment s remarkable combat record spurgeon s book brings to life the men of the first kansas colored infantry in their doubly desperate battle against the confederate forces and skepticism within union ranks

recently rediscovered in hidden chambers in the north of france is an incredible secret of the battle of the somme and world war i the signatures and graffiti of french english and australian soldiers tell a story of lives long lost but now found the silent soldiers of naours is the story of how french and australian researchers rediscovered the incredible stories of what happened to these men a large group of french archaeologists have been exploring more than 250 world war i sites since 2001

having been involved in the lost diggers of vignacourt project an australian group of researchers became involved with gilles prilaux and his team working in a small village near vignacourt that was once behind the lines during ww1 beneath a small village named naours over 3000 signatures are recorded on the walls of a network of ancient underground caves most of the signatures were left by aussie soldiers while on leave or training for combat in vignacourt and surrounding areas michael and donna fiechtner have been involved in the investigation of these signatures and a french archaeological team headed by gilles prilaux has been matching the signatures with the names and biographies of past soldiers after leaving their names etched in history many went off to ww1 battlefields never to return here is a military book with a heart images of signatures and graffiti drawings matched to the names of australian soldiers with full biographies and accompanying pictures and documentation it is a unique story that offers something new to readers interested in the history of world war i

Soldiers of Parliament

2015-11-09

excerpt from soldiers of the tsar and other sketches and studies of the russia of to day it will be noticed that pure politics has been avoided there are two reasons for this in the first place the writer's head is still awl with the complexity of the situation in russia in the second place a discussion of politics will not make the reader feel that he has been among russians who hate politics the attitude of the average russian towards his government is much like our own it is all a conundrum on a large

scale and nobody has the answer to it a certain aged diplomatist astonished at a recent event which was greatly in favour of russia dropped this remark i suppose it s all due to some saint or other devil take it all i he had never spoken for his fellow countrymen in a more truly representative manner about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Black Phalanx

1888

the story of the 24th infantry regiment in korea is a difficult one both for the veterans of the unit and for the army in the early weeks of the korean war most american military units experienced problems as the u s army attempted to transform understrength ill equipped and inadequately trained forces into an effective combat team while at the same time holding back the fierce attacks of an aggressive and well prepared opponent in addition to the problems other regiments faced in korea the 24th infantry also had to overcome the effects of racial prejudice ultimately the soldiers of the regiment despite steadfast courage on the part of many paid the price on the battlefield for the

attitudes and misguided policies of the army and their nation several previously published histories have discussed what happened to the 24th infantry this book tells why it happened in doing so it offers important lessons for today s army the army and the nation must be aware of the corrosive effects of segregation and the racial prejudices that accompanied it the consequences of that system crippled the trust and mutual confidence so necessary among the soldiers and leaders of combat units and weakened the bonds that held the 24th together producing profound effects on the battlefield i urge the reader to study and reflect on the insights provided in the chapters that follow we must ensure that the injustices and misfortunes that befell the 24th never occur again
