balance where perils exist alongside wonders founded more than eighty years ago as a  
hunting ground londolozi was transformed into a nature reserve beginning in 1973 by  
varty s father and uncle visionaries of the restoration movement but it wasn t just  
a sanctuary for the animals it was also a place for ravaged land to flourish again  
and for the human spirit to be restored when nelson mandela was released after  
twenty seven years of imprisonment he came to the reserve to recover cathedral of  
the wild is varty s memoir of his life in this exquisite and vast refuge at  
londolozi varty gained the confidence that emerges from living in africa we came out  
strong and largely unafraid of life he writes with the full knowledge of its dangers  
it was there that young boyd and his equally adventurous sister learned to track  
animals raised leopard and lion cubs followed their larger than life uncle on his  
many adventures filming wildlife and became one with the land varty survived a  
harrowing black mamba encounter a debilitating bout with malaria even a vicious  
crocodile attack but his biggest challenge was a personal crisis of purpose an  
intense spiritual quest takes him across the globe and back again to reconnect with  
nature and rediscover the track cathedral of the wild is a story of transformation  
that inspires a great appreciation for the beauty and order of the natural world  
with conviction hope and humor varty makes a passionate claim for the power of the  
wild to restore the human spirit praise for cathedral of the wild extremely touching  
a book about growth and hope the new york times it made me cry with its hard won  
truths about human and animal nature both funny and deeply moving this book belongs  
on the shelf of everyone who seeks healing in wilderness bookpage
