acts over the years 16 were signed into law and three were vetoed and the vetoes not overridden following an introduction that provides an overview of the reconciliation process and discusses its historical development the book explains the process in sections dealing with the underlying authorities reconciliation directives in budget resolutions initial consideration of reconciliation measures in the house and senate resolving house senate differences on reconciliation measures and presidential approval or disapproval of such measures the text of two relevant sections of the congressional budget act of 1974 sections 310 and 313 is set forth in the appendices
