Carlos Fuentes 1983 in carlos fuentes mexico and modernity maarten van delden argues that there is a fundamental paradox at the heart of fuentes's vision of mexico and in his role as novelist and critic in putting forth that vision this paradox hinges on the tension between national identity and modernity a significant internal conflict emerges in fuentes's work from his attempt to stake out two different positions for himself as experimental novelist and as politically engaged and responsible intellectual drawing from the fiction literary essays and political journalism van delden places these tensions in fuentes's work in relation to the larger debates about modernity and postmodernity in latin america he concludes that fuentes is fundamentally a modernist writer in spite of the fact that he occasionally gravitates toward the postmodernist position in literature and politics van delden's thorough command of the subject matter his innovative and sometimes iconoclastic conclusions and his clear and engaging writing style make this study more than just an interpretation of fuentes's work carlos fuentes mexico and modernity offers nothing less than a comprehensive analysis of fuentes's work carlos fuentes mexico and modernity offers nothing less than a comprehensive analysis of fuentes's intellectual development in the context of modern mexican political and cultural life

A New Time for Mexico 2013-05-18 the country's living national treasure the stories overflow with the kind of insights that only maturity brings they are also painfully topical Fuentes keeps his finger on modern Mexico's pulse Ángel Gurría Quintana financial times Fuentes now 80 is still masterful in evoking the lives of damaged characters beautifully observed a book seething with timeless rancour independent a choral novel on the hopes disillusionments and betrayals of family life in Mexico a rich Catholic rancher wants his four sons to become priests while the boys themselves have other plans a bereaved mother explains her daughter's life to the man who killed her three daughters meet up around their father's coffin for the first time in ten years a middle aged couple meet by chance on a cruise ship and wonder if they were once young lovers the result is a picture of contemporary Mexico seen through a violently fragmented narrative not unlike the internationally successful film *Amores Perros* the stories are punctuated by a chorus commenting as if in a Greek tragedy crudely and unsentimentally on the underbelly of modern Mexican life offering a raw but richly textured glimpse of the inequalities of that society street children junkies dead rock icons the ideal wife a honeymoon gone wrong a child suicide a man faking his death and beginning a new life that throw the middle class dramas of the linked stories into harsh relief happy families is a dramatic polyphony of the many conflicting strands of Latin America and the modern urban world
