Taxmann's Analysis | RBI Issues Directions for Swift Release of Property Documents Post-Loan Closure

2023-09-15

this article aims to unravel the comprehensive directives that offer invaluable guidance to regulated entities res concerning the release of both movable and immovable property documents and the removal of charges upon the repayment or settlement of a loan account it provides insights into the instructions laid out for res emphasizing their responsibility to promptly release all property documents and charges within 30 days of full loan settlement additionally this write up sheds light on the imperative to specify the timeline and location for the return of original documents as detailed in loan sanction letters also highlight the impact of these directives on the financial landscape underscoring their significance in fostering a more transparent and efficient lending environment

Gender and International Relations

2006-08-18

offering a comprehensive overview of feminist contributions to the study of international relations this title includes chapters on gender and development and womens human rights plus an exploration of possible research trajectories and theoretical lines of enquiry

Ethnography in the Open Science and Digital Age: New Debates, Dilemmas, and Issues

2024-06-19

in the current moment ethnography is caught up in a number of debates that have led ethnographers to reflect on classic methodological and ethical dilemmas in new ways the replication crisis had led to a movement for open science e g registering hypotheses in advance sharing codes and data but it seems unclear that recommended best practices are appropriate to ethnography it s even up for debate whether ethnography is more of a social science or a genre the fact that many ethnographies are widely read invites questions and criticisms from beyond the ivory tower including our subjects about the ethics of representation e g who has license to write about whom and the extent to which journalistic standards of data verification and transparency e g fact checking naming sources should apply to qualitative research some ethnographers are calling for more open critical discussions about the embodied dimensions of fieldwork including not only emotions but also issues like sexual intimacy and harassment there s also a growing expectation that ethnographers empower our subjects to represent and analyze themselves what s more as more of social life is lived online it becomes increasingly unclear where the boundaries of the field site should be drawn and whether ethnographic conventions can be applied wholesale to the study of digital spaces

Faribault--patterns, Energy, Issues, Directions

1979

readers need look no further if they seeking an edited volume compiled to present the latest developments in the field of social dilemma research social dilemmas are situations when there is a conflict between self interest and collective interest this work examines under what circumstances people make decisions that are in line with the collective interest as well as investigating what can increase the likelihood of cooperation three man sections mirror the different levels of analysis individual group and societal

New Issues and Paradigms in Research on Social Dilemmas

2007-11-30

debates on historical and contemporary racism have recently become the subject of increasing public interest the black lives matter movement as well as the covid 19 pandemic have underlined the importance and urgent necessity of examining racism in society from a multidisciplinary angle the many facets of racism in the past and present also challenge the way we deal with history historical culture in a globalized world rather than focusing on the history of ideas and its discursive development this volume will focus on the practices of actors it examines how and which practices especially practices of comparing are constitutive in the construction of race and manifestations of racism this edited volume brings together interdisciplinary contributions from history sociology political science american studies literary studies and media studies an important focus lies on the social asymmetries created by racialization including inequalities and violence the chapters foreground historical and contemporary practices of racism and discuss their appearance in different epochs and locations

Racializing Humankind: Interdisciplinary Perspectives on Practices of 'Race' and Racism

2022-02-14

Great Transition In India: Issues And Debates

2023-03-14

in this chapter we described issues in conducting intervention research with students with learning disabilities on the secondary level we main tained that interventions should be well grounded in theories of learning as well as characterizations of learning disabilities pressley scruggs mastropieri 1989 that they should first be conducted in a series of highly controlled laboratory like experiments to carefully assess the potential utility of the intervention and that if the intervention is suc cessful in highly controlled settings it should then be evaluated in class room applications we maintained that research designs should evolve as the research questions become more applied and that the results of laboratory research should be used to support the findings of classroom applications finally we described several research designs that we have found useful in conducting classroom intervention research there is a great deal more to conducting intervention research of course than experimental or quasi experimental design intervention strategies likely to be effective must be identified relevant literature must be reviewed experimental materials must be developed and cooperative schools teachers parents and students must be located nevertheless inadequate research designs can invalidate the best and most successful efforts in all of these areas while effective and practical research designs can do much to document the best practices and advance our knowledge of effective interventions with students with learning disabilities references brigham f j scruggs t e mastropieri m a 1992

Research Issues in Learning Disabilities

2012-12-06

despite the development of environmental initiatives healthcare and cultural assimilation in today s global market significant problems in these areas remain throughout various regions of the world as countries continue to transition into the modern age areas across asia and africa have begun implementing modern solutions in order to benefit their individual societies and keep pace with the surrounding world significant research is needed in order to understand current issues that persist across the globe and what is being done to solve them global issues and innovative solutions in healthcare culture and the environment is an essential reference source that discusses worldwide conflicts within healthcare and environmental development as well as modern resolutions that are being implemented featuring research on topics such as health insurance reform sanitation development and cultural freedom this book is ideally designed for researchers policymakers physicians government officials sociologists environmentalists anthropologists academicians practitioners and students seeking coverage on global societal challenges in the modern age

Selected Issues and Problems in Social Policy

1998

with the impact of social interactionist and ethnographic methodology twenty five years ago the research agenda in social problems began to shift its focus giving rise to the social constructionism movement the present volume and the related shorter text constructionist controversies review the substantial contributions made by social constructionist theorists over that period as well as recent debates about the future of the perspective these contributions redefine the purpose and central questions of social problems theory and articulate a research program for analyzing social problems as social constructions a generation of theorists has been trained in the constructionist perspective and has extended it through numerous analyses of diverse aspects of contemporary social life the debates in this volume pose fundamental questions about the major assumptions of the perspective the ways in which it is practiced and the purposes of social problems theory their point of departure is ibarra and kitsuse s essay cutting new theoretical ground in calling for investigating vernacular resources especially rhetorical forms in the social problems process contributors are forceful proponents both within and outside of the social constructionist community who take a broad array of positions on the

current state of social problems theory and on the rhetorical forms that need exploring they also lay down the general lines for diverse and often competing programs for the future development of the constructionist agenda

Issues and Trends in Nursing: Essential Knowledge for Today and Tomorrow

2009-10-07

conjoint analysis is probably the most significant development in marketing research in the past few decades it can be described as a set of techniques ideally suited to studying customers decision making processes and determining tradeoffs though this book is oriented towards methods and applications of conjoint analysis in marketing conjoint methods are also applicable for other business and social sciences after an introduction to the basic ideas of conjoint analysis the book describes the steps involved in designing a ratings based conjoint study it covers various methods for estimating partworth functions from preference ratings data and dedicates a chapter on methods of design and analysis of conjoint based choice experiments where choice is measured directly chapter 5 describes several methods for handling a large number of attributes chapters 6 through 8 discuss the use of conjoint analysis for specific applications like product and service design or product line decisions product positioning and market segmentation decisions and pricing decisions chapter 9 collates miscellaneous applications of marketing mix including marketing resource allocation or store location decisions finally chapter 10 reviews more recent developments in experimental design and data analysis and presents an assessment of future developments

1986 Medicare Budget Issues

1985

making use of two case studies which run throughout the book this text provides student focused coverage of the key procedures central to the civil litigation process innovative diagrams in the form of a timeline help students see how the procedures fit together while costs and professional conduct issues are clearly highlighted

Making EI Work

2013-04-08
