Cut & Run

2024-06-10

you ll love every single heart breaking word hands down one of the best books i ve read in years finn and kaz are about to meet for the first time ten year old finn a quirky sensitive boy who talks a lot and only eats at cafes with a 5 star hygiene rating is having a tough time at school and home outspoken kaz 59 who has an acerbic sense of humour and a heart of gold is working at the café when finn and his mum come in they don t know it yet but the second time they meet will be a moment which changes both of their lives forever what readers are saying about linda green s books a heartbreaking story about loss and love fast paced with in depth characters and spooky surroundings it ticked all my boxes i sobbed my heart out i ll definitely be looking out for more from this author dark intriguing and heart breaking first book i ve read by this author but certainly won t be the last i loved loved loved this book beautifully written deeply moving and highly recommended a heart breaking story of secrets loss and regret a great tense read full of gripping moments and twists and turns

One Moment

2019-12-01

new york magazine was born in 1968 after a run as an insert of the new york herald tribune and quickly made a place for itself as the trusted resource for readers across the country with award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating new york as both a place and an idea

eight tales of the human heart

Too Many Questions

2005-11

set in a chillingly realistic far future world and featuring a gritty antihero even more frightening than the evil empire he serves as soldier and assassin death's head is sure to be one of the most talked about novels of the year david gunn is loaded and he shoots to kill at the top of the galactic pecking order is the united free a civilization of awe inspiring technological prowess so far in advance of other space faring powers as to seem untouchable gods most of the known universe has fallen under their inscrutable sway the rest is squabbled over by two empires one ruled with an iron fist by octov a tyrant who appears to his followers as a teenage boy but is in reality something very different the other administered by the uplifted bizarre machinelike intelligences and their no longer quite human servants cyborgs known as the enlightened sven tveskoeg an ex sergeant demoted for insubordination and sentenced to death is a vicious killer with a stubborn streak of loyalty sven possesses a fierce if untutored intelligence and a genetic makeup that is 98.2 percent human and 1.8 percent something else perhaps that something else explains how quickly he heals from even the worst injuries or how he can communicate telepathically with the ferox fearsome alien savages whose natural fighting abilities regularly outperform the advanced technology of their human enemies perhaps it is these unique abilities that bring sven to the attention of octov drafted into the death's head the elite enforcers of octov's imperial will sven is given a new lease on life armed with a sig diablo an intelligent gun and an illegal symbiont called a kyp sven is sent to a faraway planet the latest battleground between the uplifted and octov there he finds himself in the midst of a military disaster one that will take all his courage and all his firepower to survive but an even deadlier struggle is taking place a struggle that will draw the attention of the united free sven knows he is a pawn and pawns have a bad habit of being sacrificed but sven is nobody's sacrifice and even a pawn can checkmate a king praise for death's head the finest military science fiction debut in years kirkus reviews hardboiled laser blasting science fiction as it's meant to be charlie huston author of caught stealing and already dead

Human at Best

2008

popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better

Death's Head

2007-05-01

first published in 2000 all teachers want to get better at teaching sometimes the frantic pace of school life the heavy demands and the need to conform to different people s expectations conspire to suppress their creativity and initiative this book provides a combination of explanation challenge and practical activities to help busy practitioners enhance their work with pupils and make the best of their teaching opportunities it is written in the belief that it is possible to get better at teaching by translating the time spent on a careful study of relevant issues into practical classroom experience and using this experience as a basis for further reflection and study

Popular Science

1978-03

analyzes interviews with students teachers and administrators to develop a new set of literacies essential for student success in the digital age to read john s work is to take on the role of a patient listener a book like a piece of music is scored for time and i feel time to write is scored adagio i believe that time to write can be read as a critique of the time chopping approach to education and an argument for presence for being fully open to experience for being there to do good work we must enter something like island time or what john calls existential time or what is sometimes called flow when we lose at least temporarily a sense of clock time from the foreword by thomas newkirk twenty five years ago john sylvester lofty studied the influence of cultural time values on students resistance to writing instruction in an isolated maine fishing community for the new edition of time to write lofty returned to the island to consider how social and educational developments in the intervening years may have affected both local culture and attitudes toward education lofty discovered how the island time values that previously informed students literacy learning have been transformed by outside influences including technology social media and the influx of new residents from urban areas building on the ethnographic findings of the original study the new edition analyzes the current conflict between the digital age time values of constant connections and instant communication and those of school based literacy lofty examines the new literacies now essential for students in a technologically connected world both those who aspire to continue the traditional island work of lobster fishing and for the many who now choose to pursue other careers and attend college on the mainland

Handbook for Newly Qualified Teachers

2013-12-16

considering the rights of the child is now central to good multi agency working children s right in practice offers an explanation of the theoretical issues and the key policy developments that have impacted practice it helps the reader to understand children s rights in relation to their role in working with children and young people looking at education health social care and welfare it bridges the gap between policy and practice for children from birth to 19 years chapters cover the child s right to play youth justice and children s rights the voice of the child ethical dilemmas in different contexts involvement participation and decision making safeguarding and child protection social justice and exclusion this book helps the reader understand what constitutes good practice while considering the advantages and tension of working across disciplines

Time to Write

2015-02-10

a razor sharp debut about a woman who goes so far off the deep end she might never make it back up sam james has spent years carefully crafting her reputation as the best psychologist at

typhlos manhattan s most challenging psychiatric institution she believes if she can t save herself she ll save someone else it s this savior complex that serves her well in helping patients battle their inner demons though it leads sam down some dark paths and opens her eyes to her own mental turmoil when richard a mysterious patient no other therapist wants to treat is admitted to typhlos sam is determined to unlock his secrets and his psyche but she can t figure out why richard appears to be so normal in a hospital filled with madness as sam gets pulled into richard s twisted past she can t help but analyze her own life and what she discovers terrifies her and so the mind games begin but who is the savior and who is the saved in this unexpected and addictive psychological debut a f brady takes readers into the psyche of a deeply disturbed woman desperately trying to keep her head above water showing that sometimes what s most terrifying is what exists in your mind
