tired of tragic stories chris harvie sets out to see the positive side of the dark continent and to enjoy its life and laughter do not take this road to el karama is the entertaining account of an epic road trip that takes him from his home outside the kruger national park to the banks of the Nile in Uganda and back again in his haphazard and somewhat eccentric travels harvie encounters missionaries and mechanics locals and ex pats rascals and rogues delving into his own mixed British and South African identity he tries to fathom in his trademark witty and sardonic style the post independence national character of the southern central and east African countries through which he and his companions pass delightfully opinionated brimming with interesting facts questionable comment and dubious speculations this book is essential reading for anyone with more than a passing interest in Africa travel history and people in a good read or simply in being alive get inspired Travel Guides are written by local expert authors with great stories to tell and they can't wait to share their favorite places with you for more inspiration follow Moonguides on social media a history of Moonville Ohio and a collection of its haunting tales revised edition is an updated version of a previous work the author had published back in 2008 this revised edition contains more detailed history about Moonville and its surrounding towns such as Zaleski on how they came to be most notably that Moonville was named by the railroad after a general store proprietor rather than the man who had actually founded the town and that Zaleski was named after a Polish French financier who never came to America to see his namesake town this revised edition also contains more haunting tales of what had happened to some of those who had lived and worked in this remote mining town in eastern Vinton County Ohio mainly covering those who had been involved in train accidents surrounding the still standing tunnel as these trains came barreling through the area plus there are a few tales of murder as well there are also a few light hearted tales most notably that of a well known English author who had passed through Moonville on his way to tour America back in the late 1860s as well as a story about some feisty sisters in Athens who took on the expanding railroad there are human interest elements in all of this most notably to me is the story of the Dexters who had been enslaved in Virginia escaping in the 1860s having made their way to Moonville in order to live out their lives in freedom this book is about preserving the history of a mining town that began back in the 1850s thriving for nearly fifty years before it began its long slide into history though not completely forgotten for it had been once a vital part of Ohio's history especially in the days leading up to the American Civil War and that is why I wrote and revised this work for Moonville's history is a part of Ohio's history how have the passenger and freight transport sectors evolved in recent years and during the crisis and what about road safety this publication presents data on global trends in the transport sector with up to date figures on the impact of the recent economic crisis the WWII Soviet Guerilla Training Manual that became an essential text for freedom fighters across the globe complete with illustrations when Germany invaded the Soviet Union during World War II the Red Army began recruiting local partisans to help mount a resistance this edition of the Partisan's Companion is the last and best Red Army manual used to train these men to fight Nazi invaders besides field craft it covers partisan tactics German counter guerrilla tactics demolitions German and Soviet weapons scouting camouflage anti tank warfare and anti aircraft defense for squad and platoon level instruction it contains

the soviet lessons of two bitter years of war and provides a good look at the tactics and training of a mature partisan force while this handbook was a vital part of soviet victory over the nazis its usefulness outlived the second world war it was later used to train guerrilla groups in the developing world during their wars of national liberation in the 1950s 70s even the fedayeen guerrillas who fought us and coalition forces in iraq relied on this manual for training tactics and general approach to combat a selection of the military book club statistics of the administrative county of london together with certain statistics of the adjacent districts you re not lost you re not broken you haven t missed your calling you re just stuck and you re stuck for one simple reason you re not fully self aware we re bombarded day in and day out by quotes posts and videos of people seemingly living extraordinary lives leading us to believe that we re failing if we aren t shooting for the moon every minute of every day but if you haven t yet planted your feet on earth how can you go after the moon through the approach moore has implemented both in his life and in the lives of employees and peers he has developed a thorough understanding of the power of self awareness to help you determine what you actually want discover who you truly are identify and remove what s really holding you back those who embrace discovering who they really are create more purposeful fulfilling sustainable lives they are the ones who both live and lead with intention if you ve been looking for a simpler way to identify and achieve your purpose this book is for you reports for 1862 66 include reports of the ohio pomological society driving is a fact of life we are all spending more and more time on the road and traffic is an issue we face everyday this book will make you think about it in a whole new light we have always had a passion for cars and driving now traffic offers us an exceptionally rich understanding of that passion vanderbilt explains why traffic jams form outlines the unintended consequences of our attempts to engineer safety and even identifies the most common mistakes drivers make in parking lots based on exhaustive research and interviews with driving experts and traffic officials around the globe traffic gets under the hood of the quotidian activity of driving to uncover the surprisingly complex web of physical psychological and technical factors that explain how traffic works a children s book that ignites the imagination your next road trip will come to life when looking out the window you might see a great big tree but not me i see a land of mystery what do you see a road trip adventure develops observational skills and brings to life your child s imagination while initially created for road trips the premise can be used in all contexts free activity guides are available on our website briscoebooks com 8 5 x 8 5 inches also available in larger landscape 11 x 8 5 inches road trip a practical manual is aimed at inspiring readers to take a road trip while providing practical advice to help them to do so whether looking at popping over to europe for a quick circuit hankering to drive the classic routes of north america or even aiming to cover a clutch of african countries there is something for everyone importantly every road trip featured is possible without specialist equipment and indeed each and every trip could possibly be completed in a hire car though for a select few a four wheel drive hire vehicle would be advisable the author offers a wealth of advice from his experience taking road trips around the world from hiring cars and paperwork to what to take driving laws crossing borders and emergencies the engaging text aims to give the reader confidence to fulfill his her dreams the second part of the book provides a wide range of route suggestions based on the author s own experiences on six continents road trip a practical manual is a fascinating guide which will hopefully inspire readers to turn their independent travel dreams into reality report of the dominion fishery commission on the fisheries of the province of ontario 1893 issued as vol 26 no 7 supplement
