if history remembers Lucrezia Borgia at all it is as a woman of extravagant vices whose name has become synonymous with political intrigue and poison Cardinal Bembo is remembered primarily as the namesake of a popular typeface but as this book of letters reveals there was real substance and real faces to both of them Borgia a child bride who was ruthlessly exploited for political advantage by her three husbands proved to be a girl of surprising resilience and cunning anything but a monster Pietro Bembo the learned and as demonstrated here surpassingly gentle scholar was the perfect product of the Renaissance the covert love affair they conducted over sixteen years under the nose of Borgia's ruthless brother Cesare was as dangerous as it was impassioned and their letters which provide a unique record of life during the Italian Renaissance are a testament both to a relationship of rare beauty and to a feudal society of strict boundaries dark dynastic drives boundless political ambition and extraordinary gallantry set in what else monotype Bembo illustrated with the charming and delicate wood engravings of Shirley Smith this elegant paperback will be a memorable gift for modern lovers

this book is centered on the venetian humanist pieter bembola 1470-1547 on his two year stay in sicily in 1492-4 to study the ancient greek language under one of its most distinguished contemporary teachers the byzantine émigré constantine lascaris and above all on his ascent of mount etna in 1493 the more particular focus of this study is on the imaginative capacities that

crucially shape Bembo's elegantly crafted account in Latin of his Etna adventure in his so-called *De Aetna*, published at the Aldine Press in Venice in 1496. This work is cast in the form of a dialogue that takes place between the young Bembo and his father, Bernardo himself, a prominent Venetian statesman with strong humanist involvements. After Pietro's return to Venice from Sicily in 1494, but *De Aetna* offers much more than a one-dimensional account of the facts, sights, and findings of Pietro's climb. Far more important in the present study is his eye for creative elaboration or for transforming his literal experience on the mountain into a meditation on his coming of age at a remove from the conventional career path expected of one of his station within the Venetian patriciate. Three mutually informing features that are critical to the artistic originality of *De Aetna* receive detailed treatment in this study: i) the stimulus that Pietro drew from the complex history of Mount Etna as treated in the Greco-Roman literary tradition from Pindar onwards; ii) the striking novelty of *De Aetna*'s status as the first Latin text produced at the nascent Aldine Press in the prototype of what modern typography knows as Bembo typeface; and iii) Pietro's ingenious deployment of Etna as a powerful multivalent symbol that simultaneously reflects the diverse characterizations of and the generational differences between father and son in the course of their dialogical exchanges within *De Aetna*.

a profound meditation on leopardi s art and thought as well as a reframing and reassertion of negri s own philosophical and political project of liberation antonio negri one of italy s most influential and controversial contemporary philosophers offers in this book a radical new interpretation of the nineteenth century italian poet giacomo leopardi for negri leopardi is not the bitter idealistic individualist of conventional literary history but rather a profoundly materialist thinker who sees human solidarity as the only possible solution to the catastrophes of history and politics negri traces leopardi s resistance to the transcendental idealism of kant and hegel with its emphasis on reason s power to resolve real antagonisms into abstract syntheses and his gradual development of a sophisticated poetic materialism focused on the constructive power of the imagination and its true illusions like nietzsche who admired him leopardi provides an alternative to modernity within modernity expressing a force of rupture and recomposition a uniquely italian one that is as relevant now as it was in the nineteenth century and which connects to the theory of empire as the political constitution of the present that negri has elaborated in collaboration with michael

hardt antonio negri is the coauthor with michael hardt of empire multitude war and democracy in the age of empire and commonwealth timothy s murphy is houston truax wentz professor of english at oklahoma state university he has translated several of negri s works including trilogy of resistance books for burning between civil war and democracy in 1970s italy and subversive spinoza un contemporary variations
