conditional sentences express factual implications or hypothetical situations and their consequences there are two clauses in conditional sentences dependent clause expresses the condition main clause expresses the consequence this book covers the following topics what are conditional sentences present real conditional sentences present unreal conditional sentences past real conditional sentences past unreal conditional sentences future real conditional sentences future unreal conditional sentences continuous forms of conditional sentences mixed conditional sentences were to conditional sentences special force conditional sentences wish conditional sentences miscellaneous conditional sentences conditional sentences exercise 1 conditional sentences exercise 2 summary sample this present real conditional sentences the present real conditional is used to talk about what you normally do in real life situations structure first part if when subject present verb second part simple present or first part simple present second part if when subject present verb whether use if or when if implies things don t happen regularly when implies things happen regularly if you eat too much fast food it makes you overweight or it makes you overweight if you eat too much fast food if you put salt on salad they taste nicer or they taste nicer if you put salt on salad when i have free time i often sit in the library regularly or i often sit in the library when i have free time more examples first part if when subject present verb second part simple present if i move to school i never take my mobile if you want to be a super achiever first recognize your own capabilities if it melts it raises the sea level if something bad happens anywhere it is natural to be sad if you heat water it boils if the office closes early we definitely go to the library if you need help call me if i don t come on time you are supposed to leave the office if you feel sleepy just go to bed if that isn t absolute verification i don t know what is if the contractors fail to achieve the target within the specified period they are liable to pay damages if you don t get the first good be content with the second good note use of imperative sentence if you are working for something with convictions you are satisfied if proper punishment is not awarded to the accused the faith of the society is shaken in the legal system of the country note use of passive voice is awarded and is shaken if uranium is bombarded with a neutron it absorbs some if a swedish govt is interested in such a deal at all sweden can negotiate for itself a better deal if a person is abused repeatedly then that person has the right to object and the right to argue also if my statement has pained someone then i regret it if they have done something wrong that doesn t mean i have also done something wrong if the refugee cannot afford to pay she may be refused access to the hospital or have her refugee card confiscated first part simple present second part if when subject present verb i have come to bother you if you don t mind we don t even know if any person by that name exists their wages are cut if they do not report for duty on time you learn a language better if you visit the country where it is spoken agency works under pressure if one goes by what the ex director says i apologize if at all the article hurt anyone power companies can hike the tariffs if the cost of imported coal rises hang me if i am guilty i meet him if i go there butter dissolves if you leave it in sun plants die if you don t water them milk goes off if you don t keep it in a cool place ask the officer if you have any problems i don t mind if you sit in my cabin customers get upset if they are being overcharged i have no problem if her name is disclosed they promised to slash power rates if they are elected existing laws can be a deterrent if a time based trial is conducted do you mind if i turn on the radio for a while a death row convict cannot be executed if he is not physically and mentally fit a student may not be motivated to work hard if a promotion is guaranteed many of the deaths can be avoided if bikers wear helmets i go by taxi when the bus is late disha s essential english true to its name covers every essential topic and every essential type and pattern of mcqs asked in various mastering conditional sentences equips you with the tools and knowledge you need to become a master of conditional sentences and elevate your english language skills to new heights embark on this educational adventure today and unlock a world of possibilities first of all other i find no grammar tears very informative what amazes me is the kind of dedication and patience marthus adden spent in writing this book this is because this kind of genre actually needs full attention truly whatever he has written is precise and correct i really admire his generosity of sharing his knowledge about english owing to the fact that english is his second language what is good about the book is that the writer wrote it in a manner that readers can easily understand it in other words what makes this book different from the other english grammar books in the market is that it is more user friendly which means he wrote it in a manner that can easily be understood especially by those who just learned english and want to learn more correctly put this book is a guide to those who wants to learn english on their own as a matter of fact he has a knowledge check in every subject he has discussed in this book he catered everything especially in the part on how to construct sentences which are very precise and which make it very easy to learn the book he did not change anything at all in terms of the right way to speak and learn english but instead he made it easier and more convenient for those people whose english is not their first language in point of fact he wrote this book not because he wants to show off to the world that he is a good grammarian but because he wants to help those struggling to learn english the book therefore deserves recognition because he is actually giving a favour to those who can t afford to have a private tutor to teach them how to speak english correctly i must in conclusion admit that this book will really help those people who want to learn english language those people who are striving to speak perfect english and those people that english is their second language i will therefore commend the author for this book new york city english is one of the most recognizable of us dialects and research on it launched modern sociolinguistics yet the city s speech has never before received a comprehensive description and analysis in this book michael newman examines the differences and similarities among the ways english is spoken by the extraordinarily diverse population living in the ny dialect region he uses data from a variety of sources including older dialectological accounts classic and recent variationist studies and original research on speakers from around the dialect region all levels of language are explored including phonology morphosyntax lexicon and discourse along with a history of english in the region but this book provides far more than a dialectological and historical inventory of linguistic features the forms used by different groups of new yorkers are discussed in terms of their complex social meanings furthermore newman illustrates the varied forms of sociolinguistic significance with examples from the personal experiences of a variety of new yorkers and includes links to sound files on the publisher s site and videos on youtube the result is a rigorous but accessible and compelling account of the english spoken in this great city the dialect of english which has developed in indigenous speech communities in australia while showing some regional and social variation has features at all levels of linguistic description which are distinct from those found in australian english and also is associated with distinctive patterns of conceptualization and speech use this volume provides for the first time a comprehensive description of the dialect with attention to its regional and social variation the circumstances of its development its relationships to other varieties and its foundations in the history conceptual predispositions and speech use conventions of its speakers much recent research on the dialect has been motivated by concern for the implications of its use in educational and legal contexts the volume includes a review of such research and its implications as well as an annotated bibliography of significant contributions to study of the dialect and a number of sample texts while aboriginal english has been the subject of investigation in diverse places for some 60 years there has hitherto been no authoritative text which brings together the findings of this research and its implications this volume should be of interest to scholars of english dialects as well as to persons interested in deepening their understanding of indigenous australian people and ways of providing more adequately for their needs in a society where there is a disconnect between their own dialect and that which prevails generally in the society of which they are a part we are very proud to present you our new series of booklets for advanced learners this series was designed to help students improve their language skills by themselves in a fun and intelligent way the material is appropriate only to advanced students the series will be divided into 3 parts and all of them will contain activities to enhance your listening writing reading and even speaking advanced blocks to give you a clear understanding useful vocabulary easy to find and learn to build a solid foundation for understanding test yourself tests in the book and online to keep track of your progress extend your knowledge extra online articles at teachyourself.com to give you a richer understanding of new testament greek beyond expressives explorations in use conditional meaning offers empirical and theoretical studies of expressions whose meaning falls outside the standard realm of truth conditional semantics going beyond examples of expressives the contributions account for the semantics and pragmatics various of use conditional phenomena this landmark volume covers the main aspects of modern psalms study from the formation of individual psalms down into the first centuries of the common era the formation of the psalter individual psalms and smaller collections social setting literary context textual history nachleben and theology this is as complete beginner's course in french which covers the requirements of the various gcse examination syllabuses and provides a good background to the language for students on rsa and other similar courses the approach is designed to be of particular value for further education and self study purposes exercises to practice writing and grammar structures for going from cefr levels a2 to a2 for more programs please consult bestacademyefl.com for teacher information and resources about this book please email us at info.bestacademyefl.com jim miller and regina weinert investigate syntactic structure and the organization of discourse in spontaneous spoken language using data from english german and russian they develop a systematic analysis of spoken english and highlight properties that hold across languages the authors argue that the differences in syntax and the construction of discourse between spontaneous speech and written language bear on various areas of linguistic theory apart from having obvious implications for syntactic analysis in particular they bear on typology chomskyan theories of first language acquisition and the perennial problem of language in education in current typological practice written and spontaneous spoken texts are often compared the authors show convincingly that typological research should compare like with like the consequences for chomskyan and indeed all theories of first language acquisition flow from the central fact that children acquire spoken language but learn written language this book constitutes the refereed proceedings of the 7th chinese conference on biometric recognition cibr 2012 held in guangzhou china in december 2012 the 46 revised full papers were carefully reviewed and selected from 80 submissions the papers address the problems in face iris hand biometrics speaker handwriting gait soft biometrics security and other related topics and contribute new ideas to research and development of reliable and practical solutions for biometric authentication complete key for schools is official preparation for the cambridge english key ket for schools exam it combines the best in contemporary classroom practice with engaging topics aimed at younger students the information practice and advice contained in the course ensure that they are fully prepared for all parts of the test with strategies and skills to maximise their score informed by cambridge's unique searchable database of real exam candidates answers the cambridge english corpus complete key for schools includes examples and exercises which tackle common problem areas at this level this student's pack includes the student's book without answers with cd rom and workbook without answers the audio cd contains the audio for the workbook exercises this is a cross linguistic exploration of the use of clause linkage markers in causal conditional and concessive sentences employing a five level classification of clause linkage based on semantic and pragmatic grounds it shows that within individual languages different markers exhibit different distributions on the five levels also the rich evidence presented from seventeen languages from many parts of the world documents that these distributions present commonalities as well as differences across the languages of the sample a practical and user friendly grammar for english speaking students of dutch at beginner intermediate level this famous little book remains a foundational text for the understanding of probability theory important both to students beginning a serious study of probability and to historians of modern mathematics 1956 second edition this volume examines conditional structures in old babylonian from a linguistic point of view drawing on a corpus of letters law collections and omens all of the conditional patterns are provided with a syntactic characterization so that each conditional sequence is differentiated from all other potential sequences the volume includes detailed discussion about the values of various verbal and other predicative forms in the conditional structures occurring in the corpus the differences between superficially similar conditional patterns and the functions of the various conditional patterns many traditionally difficult points are treated and given suitable solutions the concluding sections of each chapter include linguistic glosses and more general discussions that provide linguistic typologists a window onto the conditional system of old babylonian little is known about the political views of non dissident chinese intellectuals for this book Émilie frenkiel has been granted unprecedented access to the discussions of politically committed chinese who have been part of the intellectual debate on post tiananmen reform her in depth research elicits lively views that reflect the yearnings and fears of the country's political elite and reveal the diversity of approaches to china's democratisation in the

west where most of us think that democracy based on competitive elections is mankind's ultimate and inevitable political journey's end we tend to hear only the opinions of chinese who share our beliefs Émilie frenkiel's book gives voice to a large number of prominent chinese academics helping us better understand without reinforcing our prejudices what that country's academic elite thinks about their present and prospective political system this rich informative and refreshing inquiry will help us view the contemporary political debate in china through less distorted lenses pasquale pasquino new york university Émilie frenkiel's book thoroughly renews our understanding of the chinese debate on democracy and political reform a debate often simplistically presented in the west through typologies differentiating liberalism new left or cultural nationalism she studies the biographical itineraries the works the modes of involvement in public debate and the relationship with the political authorities of twenty prominent intellectuals and she uncovers rarely studied realities how the market of ideas works how to have influence on leaders and in particular how to spell out acceptable criticisms in the chinese context she also originally shows that beyond the diversity of viewpoints chinese intellectuals share a technocratic vision of politics an obsession with the meritocratic ideal and an approach to democracy based on capacity on the conviction that the chinese population is not yet up to the task of electing its leaders a milestone pierre rosanvallon collège de france the official political discourse in china is uniform and to be frank boring over the last three decades however chinese intellectuals have been carrying out fascinating and often heated debates about china's political future drawing on extensive interviews with the key players Émilie frenkiel brings these debates to light thought provoking and balanced this book is essential reading for anyone who wants to learn more about china's political possibilities daniel a bell tsinghua university beijing Émilie frenkiel's book is fascinating for all scholars that work on or are interested in china but it will also be of interest for political theorists the debate among chinese intellectuals especially political scientists active in the public sphere shows how they are trying to conceptualise an original path to democracy in the twenty first century and demonstrates clearly that beyond the rule of the ccp the country is moving politically very fast this provincialises europe and the usa part of this debate is highly specific but another one echoes the search for an answer to the crisis of political representation in western countries a book that helps us to better understand the world we live in yves sintomer université paris this brand new edition of english in mind revises and updates a course which has proven to be a perfect fit for classes the world over engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students book jacket this open access book provides new methodological and theoretical insights into temporal reference and its linguistic expression from a cross linguistic experimental corpus pragmatics approach verbal tenses in general and more specifically the categories of tense grammatical and lexical aspect are treated as cohesion ties contributing to the temporal coherence of a discourse as well as to the cognitive temporal coherence of the mental representations built in the language comprehension process as such it investigates the phenomenon of temporal reference at the interface between corpus linguistics theoretical linguistics and pragmatics experimental pragmatics psycholinguistics natural language processing and machine translation this book brings together the first book collection of african research in mathematics education in multilingual societies and chronicles current research in different linguistic contexts across the african continent including algeria namibia malawi morocco rwanda south africa on issues of multilingualism in mathematics education but more importantly it foregrounds pertinent issues for future research with many of the authors building on earlier path breaking african research the book is a unique contribution of careful thinking through how linguistic diversity and multilingualism manifest in ways that differ from one geopolitical context to another this volume is an important contribution to the growing recognition of multilingualism as the global linguistic dispensation in mathematics education it is an invitation to how we might as an international community where more and more multilingualism is the norm rather than an exception pay more attention to the multilingual agency and capabilities of both students and teachers in order to better harness the epistemic potential of multiple languages in contexts of language diversity in mathematics education don't wrong your english series would guide you through the stages of acquiring esl that may help you as a learner yourself and in your career if you wanted to become an esl teacher for you to pay it forward to your future learners don't wrong your english 1 is your kick off towards the trajectory to your english the 28 chapters highlight the first few things that you need to learn and be aware of these are a few things usually taken for granted don't wrong your english 1 gives you the first knock on your head to get awakened never treat your english unjustly by not knowing the basics never attempt to wrong your own english step up put your best foot forward with the least help this series is offering you long trusted as the most comprehensive up to date and user friendly grammar available french grammar and usage is a complete guide to french as it is written and spoken today it includes clear descriptions of all the main grammatical phenomena of french and their use illustrated by numerous examples taken from contemporary french and distinguishes the most common forms of usage both formal and informal key features include comprehensive content covering all the major structures of contemporary french user friendly organisation offering easy to find sections with cross referencing and indexes of english words french words and grammatical terms clear and illuminating examples help students at all stage of their degree useful indications of what cannot be said as well as what can be revised and updated throughout this new edition offers updated examples to reflect current usage new headers to include chapter number and section parts as well as enhanced cross referencing for easier reference and expanded and more nuanced explanations of notoriously difficult points of grammar the combination of reference grammar and manual of current usage is an invaluable resource for students and teachers of french at the intermediate to advanced levels this grammar is accompanied by the practising french grammar a workbook isbn 978 1 13 885119 1 which features related exercises and activities and a companion website offering additional resources at routledge.com cw hawkins the architecture of the human language faculty has been one of the main foci of the linguistic research of the last half century this branch of linguistics broadly known as generative grammar is concerned with the formulation of explanatory formal accounts of linguistic phenomena with the ulterior goal of gaining insight into the properties of the language organ the series comprises high quality monographs and collected volumes that address such issues the topics in this series range from phonology to

semantics from syntax to information structure from mathematical linguistics to studies of the lexicon

Grammar & Composition 1

2020-04-07

jim miller and regina weinert investigate syntactic structure and the organization of discourse in spontaneous spoken language using data from english german and russian they develop a systematic analysis of spoken english and highlight properties that hold across languages the authors argue that the differences in syntax and the construction of discourse between spontaneous speech and written language bear on various areas of linguistic theory apart from having obvious implications for syntactic analysis in particular they bear on typology chomskyan theories of first language acquisition and the perennial problem of language in education in current typological practice written and spontaneous spoken texts are often compared the authors show convincingly that typological research should compare like with like the consequences for chomskyan and indeed all theories of first language acquisition flow from the central fact that children acquire spoken language but learn written language

Spontaneous Spoken Language

1998-03-26

this book constitutes the refereed proceedings of the 7th chinese conference on biometric recognition cibr 2012 held in guangzhou china in december 2012 the 46 revised full papers were carefully reviewed and selected from 80 submissions the papers address the problems in face iris hand biometrics speaker handwriting gait soft biometrics security and other related topics and contribute new ideas to research and development of reliable and practical solutions for biometric authentication

English Grammar And Exercises 1

1967-09

Topics in Conditional Logic

2012-12-06

this famous little book remains a foundational text for the understanding of probability theory important both to students beginning a serious study of probability and to historians of modern mathematics 1956 second edition

Levels in Clause Linkage

2018-02-05

this volume examines conditional structures in old babylonian from a linguistic point of view drawing on a corpus of letters law collections and omens all of the conditional patterns are provided with a syntactic characterization so that each conditional sequence is differentiated from all other potential sequences the volume includes detailed discussion about the values of various verbal and other predicative forms in the conditional structures occurring in the corpus the differences between superficially similar conditional patterns and the functions of the various conditional patterns many traditionally difficult points are treated and given suitable solutions the concluding sections of each chapter include linguistic glosses and more general discussions that provide linguistic typologists a window onto the conditional system of old babylonian

English Conditional Sentences

1901

little is known about the political views of non dissident chinese intellectuals for this book Émilie frenkiel has been granted unprecedented access to the discussions of politically committed chinese who have been part of the intellectual debate on post tiananmen reform her in depth research elicits lively views that reflect the yearnings and fears of the country s political elite and reveal the diversity of approaches to china s democratisation in the west where most of us think that democracy based on competitive elections is mankind s ultimate and inevitable political journey s end we tend to hear only the opinions of chinese who share our beliefs Émilie frenkiel s book gives voice to a large number of prominent chinese academics helping us better understand without reinforcing our prejudices what that country s academic elite thinks about their present and prospective political system this rich informative and refreshing inquiry will help us view the contemporary political debate in china through less distorted lenses pasquale pasquino new york university Émilie frenkiel s book thoroughly renews our understanding of the chinese debate on democracy and political reform a debate often simplistically presented in the west through typologies differentiating liberalism new left or cultural nationalism she studies the biographical itineraries the works the modes of involvement in public debate and the relationship with the political authorities of twenty prominent intellectuals and she uncovers rarely studied realities how the market of ideas works how to have influence on leaders and in particular how to spell out acceptable criticisms in the chinese context she also originally shows that beyond the diversity of viewpoints chinese intellectuals share a technocratic vision of politics an obsession with the meritocratic ideal and an approach to democracy based on capacity on the conviction that the chinese population is not yet up to the task of electing

its leaders a milestone pierre rosanvallon collègue de france the official political discourse in china is uniform and to be frank boring over the last three decades however chinese intellectuals have been carrying out fascinating and often heated debates about china s political future drawing on extensive interviews with the key players Émilie frenkiel brings these debates to light thought provoking and balanced this book is essential reading for anyone who wants to learn more about china s political possibilities daniel a bell tsinghua university beijing Émilie frenkiel s book is fascinating for all scholars that work on or are interested in china but it will also be of interest for political theorists the debate among chinese intellectuals especially political scientists active in the public sphere shows how they are trying to conceptualise an original path to democracy in the twenty first century and demonstrates clearly that beyond the rule of the ccp the country is moving politically very fast this provincialises europe and the usa part of this debate is highly specific but another one echoes the search for an answer to the crisis of political representation in western countries a book that helps us to better understand the world we live in yves sintomer université paris
