the age of revolution is the first of four works by eric hobsbawm that collectively synthesize the ideas he developed over a lifetime spent studying the nineteenth and twentieth centuries hobsbawm s vision is important he was a lifelong marxist whose view of history was shaped by a fascination with social and economic history yet who privileged evidence over political theory but the real power of these works and especially the age of revolution emanates from the wide range of the author s reading and his mastery of the critical thinking skill of evaluation it is this skill that allows hobsbawm to combine insights drawn from decades of reading into an original thesis that sees the crucial long 19th century as a period shaped by dual revolution the twin

impacts of the industrial revolution in britain and the french revolution on the continent hobsbawm supplemented his evaluative excellence with a firm grasp of reasoning crafting a volume that contains brilliant clearly structured arguments which explain complicated ideas via well chosen examples in ways that make his work accessible to intelligent general readers and scholars alike

General Idea of the Revolution in the Nineteenth Century 2013-01-23

war and revolution identifies and takes to task a reactionary trend among contemporary historians one that s grown increasingly apparent in recent years it s a revisionist tendency discernible in the work of authors such as ernst nolte who traces the impetus behind the holocaust to the excesses of the russian revolution or françois furet who links the stalinist purges to an illness originating with the french revolution the intention of these revisionists is to eradicate the revolutionary tradition their true motives have little to do with the quest for a greater understanding of the past but lie in the climate of the present day and the ideological needs of the political classes as is most clearly seen now in the work of the anglophone imperial revivalists paul johnson and niall ferguson in this vigorous riposte to those who would denigrate the history of emancipatory struggle losurdo captivates the reader with a tour de force account of modern revolt providing a new perspective on the english american french and twentieth century revolutions

excerpt from the century book of the american revolution the story of the pilgrimage of a party of young people to the battlefields of the american revolution a few years ago the suggestion was made to the century company by mr john winfield scott a member of the executive committee of the national society of the sons of the american revolution

appointed a committee of one for the executive committee that the century company should issue a book in which should be set forth in a manner attractive to young people the principles contended for in the american revolution and a description of the institutions of the govern ment the result of this suggestion was embodied in the century book for young americans the story of the trip of a party of young people to the city of washington written by elbridge s brooks and richly illustrated from the great store of material which the publishers possessed the book was issued in the autumn of 1894 indorsed by the national society and with an introduction by general horace porter president general its success has been great both as a book for children at home and for supplemental reading in schools and in 1896 it was followed by the century book of famous americans written also by mr brooks telling of the adventures of the same young people and their well posted uncle on a journey to the homes of historic americans washington hamilton webster clay jefferson franklin lincoln grant and others it was issued under the auspices of the national society of the daughters of the american revolution about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

China in War and Revolution, 1895–1949 **2005**

a cultural and intellectual balance sheet of the twentieth century s age of revolutions this book reinterprets the history of nineteenth and twentieth century revolutions by composing a constellation of dialectical images marx s locomotives of history alexandra kollontai s sexually liberated bodies lenin s mummified body auguste blanqui s barricades and red flags the paris commune s demolition of the vendome column among several others it connects theories with the existential trajectories of the thinkers who elaborated them by sketching the diverse profiles of revolutionary intellectuals from marx and bakunin to luxemburg and the bolsheviks from mao and ho chi minh to josé

carlos mariátegui c l r james and other rebellious spirits from the south as outcasts and pariahs and finally it analyzes the entanglement between revolution and communism that so deeply shaped the history of the twentieth century this book thus merges ideas and representations by devoting an equal importance to theoretical and iconographic sources offering for our troubled present a new intellectual history of the revolutionary past
