volume set .pdf

Let's Talk Second Edition is a speaking and listening course that takes students from a high beginning to a high intermediate level. The Let's Talk 2 Second Edition Teacher's Manual has been enhanced and expanded to offer increased support and flexibility. Included are detailed teaching notes, clear learning objectives for every activity, teaching tips, expansion activities, and writing options. Provided as photocopyables in the back of the book are model conversations for discussion, support talking points for additional speaking practice, and a complete assessment program including quizzes and tests. The audio CD packaged with the Teacher's Manual provides all the listening sections for the assessment program. This is a series that prepares students for paragraph and composition writing while making the process enjoyable. Writing from within level 2 focuses on generating topics, writing cohesive paragraphs, and organizing them into clear logical compositions. The book contains twelve units, each one centering around a final writing assignment. As students prepare for their assignment, they brainstorm ideas for writing and analyze sample paragraphs and compositions for both language and organization. The units offer a balance of introspective writing assignments with more conventional task-based ones. Level 2 writing topics include a major life event, personal goals, a research report, and newspaper articles. Academic writing skills is a three-volume essay writing course for students that develops students' abilities to compose college-level essays. Academic writing skills 2 takes students through a step-by-step process of writing expository, argumentative, and compare and contrast essays. It is appropriate for students wishing to focus on specific essay types that require the use and integration of sources to complete academic writing tasks.
